

WEB APP KEYPAD ORILINK[®]

Part No
23432

TECHNICAL DATA

WEB APP KEYPAD ORILINK®

Enables increased flexibility, mobility and efficiency by initiating OriLink® dispenses from a web capable device such as a smartphone, tablet or computer web browser. Using the web app keypad enables a workshop to omit installing regular keypads and only use the own internal IT components, regardless of platform, to perform fluid dispensing operations using OriLink®.
