

## FRL-UNIT 1/4" (F) BSP

Part No  
42104

## TECHNICAL DATA

### FRL-UNIT 1/4" (F) BSP

Air Treatment Unit. For lubrication, regulating and filtration of air. Connection G1/4". Gauge included. These air treatment units combine the best of design with proven materials and production methods. They can handle air flows up to 900 l/min. Material: Zinc. Volume 40 cm<sup>3</sup> (filter/regulator), 50 cm<sup>3</sup> (lubricator), max working pressure 1,2 MPa (12 bar), temp.+5° to +60 °C

#### TECHNICAL DATA

Part No	42104
Type	42107, 42108, 42112
Connection	1/4" (F) BSP
H.S. Code	84811005
